GOUDEN Belgian Style Witbier is a wheat beer inspired by the rare Vogelmelk flower, found only in the grounds around the brewery, Park Abbey. Brewed using a mix of malted and un-malted wheat for a smooth, creamy head, the beer is medium bodied and slightly fruity in flavor, with top notes of citrus orange and hints of cloves and other aromatic spices.

Wheat beers are a Belgian institution and the art of brewing them has been in Belgium for centuries. Compare with other usual beers, They offer a more refreshing and pleasant alternative.
